

REMARKS

Applicant submits herewith a Second Preliminary Amendment based on a conversation that Casey Campbell had with a USPTO Paralegal Specialist on September 9. During this conversation, the USPTO Paralegal Specialist raised a concern about a typographical error in connection with the preamble of claim 24. To remedy this typographical error, the Paralegal Specialist instructed Casey Campbell to file this Second Preliminary Amendment along with a Supplemental Request to Participate in the Patent Prosecution Highway (PPH) Program to correct the error. As such, Applicant requests entry of this paper as it is filed based upon the USPTO's instruction.

Applicant submits that the amendment is fully supported by existing disclosure and does not introduce new matter.

CONCLUSION

The absence of a reply to a specific rejection, issue, or comment does not signify agreement with or concession of that rejection, issue, or comment. In addition, because the arguments made above may not be exhaustive, there may be other reasons for patentability of any or all claims that have not been expressed. Finally, nothing in this paper should be construed as an intent to concede any issue with regard to any claim, except as specifically stated in this paper, and the amendment or cancellation of any claim does not necessarily signify concession of unpatentability of the claim prior to its amendment or cancellation.

In light of the Amendments and Remarks herein, Applicant submits that the entire application is in condition for allowance and respectfully request a notice to this effect. Should the Examiner have any questions, please call the undersigned at the phone number listed below.

No fees are believed due. Please apply any charges or credits to Deposit Account No. 60-6925, referencing Attorney Docket No. 97578-426704.

Respectfully submitted,

Date: September 9, 2025
